

Bylaws of the Graduate Student Association of the University of Oklahoma Health Sciences Center

Effective May 5, 2016

Section I

To fulfill the requirements of Article II of the Graduate College Students' Association constitution, each College on the University of Oklahoma's Health Sciences Center can have an identified Graduate Student Organization.

A College Graduate Student Organization will be considered recognized, by the Association, if it possesses the following:

- University account
- An executive or organizational body with a recognized president or chairperson
- A constitution approved by the Provost of the Health Sciences Center campus.

Section II

The Board may vote by a quorum to approve funds for activities that are specifically academic or organizational in nature. Funding requests for activities that are not specifically organizational or academic may be approved only by a quorum consensus vote.

Section III

The Graduate Research, Education, and Technology Symposium Committee (GREAT) Shall:

- Develop an itemized budget for GREAT;
- Solicit funds, via the staff sponsor, from the Association and other University or extramural funding sources; and
- Develop and implement a program which allows Association Members to display research and review the research of other graduate students and faculty.

Section IV

The Graduate Student Association is responsible for providing student representation from within the Board or the Association on the following University and Graduate Council committees:

- Curriculum Review Committee
- Graduate Faculty Appointments Committee
- Program Evaluation Committee
- Graduate Student Appeals Board
- Research and Graduate Student Affairs Committee
- Preparing Future Faculty Committee
- Student Counseling Advisory Board
- Library Advisory Board
- The University of Oklahoma Health Sciences Center Student Senate
- The Campus Activities Board of the University of Oklahoma Health Sciences Center Student Association

Section V

- The Association shall be funded by the Health Sciences Center Graduate Students.
- A portion of each graduate student's activity fee will be equitably appropriated, by the bursar, to the Association account.
