

Petition for Acceptance into Graduate Program

This petition is intended to provide the appropriate approvals for the following student to matriculate into the laboratory and program listed below for completion of their PhD dissertation training. By signing this form the mentor and the mentor's department are agreeing to assume all financial responsibilities of the student, starting date _____. These responsibilities include stipend, tuition, fees, health insurance, and any administrative costs. In the event the student either elects or is required to end the training relationship with the PI before graduation, the mentor's primary department is responsible for bridge support (maximum three months) while the student selects a new mentor.
